## Certified Quality

Our acoustic pods, manufactured by **Silen**, hold certification under the premier **North American Standard UL 962** for **Canada and the USA**. This **certificate** confirms that these products have undergone comprehensive testing as **complete units**.

### ASTM E84 CLASS A

As part of the certification, Silen's products have successfully passed the **ASTM E84** standard **fire tests** and have been granted a **Class A rating** in **fire resistance**.

All of our pods have obtained the **Indoor Advantage Gold certification**, which is **SCS Global Services'** highest level of indoor air quality performance for furniture. This certification guarantees that our furniture products support a **healthy indoor environment** by meeting **strict chemical emission limits** for volatile organic compounds (VOCs).

Our commitment to adhering to the **strictest regulations** is reflected in **materials** used in our pods, which are entirely **compliant**. This dedication has resulted in **all Silen booths** achieving **Carbon Neutrality certification**. This certification means that we have **followed The Carbon Neutral Protocol**, to make a clear, credible, and transparent claim of our carbon neutral action.

Industry-leading **Airborne Sound Insulation tested and proven** in real office environments.

# Product Overview

## Chatbox Product Line

CHATBOX

SINGLE

p.10

### 1-PERSON CAPACITY BOOTH TO FOCUS.

Compact and cost-effective pod for focused **work sessions** and uninterrupted **phone calls**.
