WALLENIUM

Acoustic Pods
2024 Product Guide

Certified Quality

C UL US LISTED

Our acoustic pods, manufactured by **Silen**, hold certification under the premier **North American Standard UL 962** for **Canada** and **the USA**. This **certificate** confirms that these products have undergone comprehensive testing as **complete units**.

ASTM E84 CLASS A

As part of the certification, Silen's products have successfully passed the **ASTM E84** standard **fire tests** and have been granted a **Class A rating** in **fire resistance**.

**CERTIFIED INDOOR AIR QUALITY SCS GLOBAL SERVICES**

All of our pods have obtained the **Indoor Advantage Gold certification**, which is **SCS Global Services'** highest level of indoor air quality performance for furniture. This certification guarantees that our furniture products support a **healthy indoor environment** by meeting **strict chemical emission limits** for volatile organic compounds (VOCs).

CERTIFIED CARBON NEUTRAL product

Our commitment to adhering to the **strictest regulations** is reflected in **materials** used in our pods, which are entirely **compliant.** This dedication has resulted in **all Silen booths** achieving **Carbon Neutrality certification**. This certification means that we have **followed The Carbon Neutral Protocol,** to make a clear, credible, and transparent claim of our carbon neutral action.

acoustics up to 43 STC

Quest fabric selection

Fire resistant & recycled fabrics from **Camira** partnership with the Seaqual Initiative. Available in 27 colour shades.

Lightly textured fabric woven entirely from recycled plastic.
*100% post-consumer recycled polyester, including 75% SEAQUAL® YARN*

Unbeatable

Modular

Similar to your company's growth and adaptability, our pods **evolve** alongside your needs. Equipped with **hidden wheels**, all movable modules can be easily rearranged. Silen's unique **modular** attachment / detachment **system** streamlines the process. You can also enhance your booth by adding functional **furniture items** and **accessories** from our warehouse.

Easy to use

Upon installation, your **Space** pod is **plugged into** a regular 15 Amp **power outlet** from the floor or ceiling of your space.
Our acoustic booths come with integrated **electrical sockets**, and **USB ports** for **charging devices**. Conveniently **positioned** on the **floor** or **wall panel**, these sockets remain **easily accessible** during any seating arrangement.
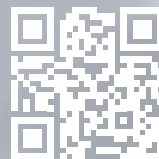

Easy to install

Your new **Space** will be installed by professional installation teams who **guarantee** that your first meeting with the Space pods goes smoothly and comfortably. Silen's unique and hassle-free solution is designed to constantly **match the changing needs**. As a **modular system**, benefits you over countless years and through many office spaces.

Quiet

Tranquility forms the foundation for **optimal concentration** and creativity. **Silen Space** soundproof **pods** become your silent allies, effectively **silencing the noise** of a busy office. Perfectly suitable for private phone calls, confidential discussions and focused work, our pods are crafted using premium **acoustic materials** to **enhance** your daily **workflow**.

Space 2.5
Silent room for up to 6 people.

BIGGER SPACE FOR MORE COMFORT

Space 2.5 is a **versatile** and **movable** interior space element that creates a **high focus work area** within a noisy office space. It is ideal for concentrated **work sessions**, **private conversations**, and **meetings** for up to **six people**.

Moreover, the **S2.5 booth** offers bigger space than the S2 pod, providing increased **furniture variations** and **flexibility**. S2.5 is **modular**, hence you can construct **larger rooms** to **expand** your **booth capacity.**

Flexible Setups

Oak Veneer exterior

Video Call Space

Movable soundproof booth with an integrated screen for video calls, remote work, and collaboration.

Coal exterior

Meeting Booth

Flexible meeting and conference room setup with a glass-mounted screen and table for up to 6 people.
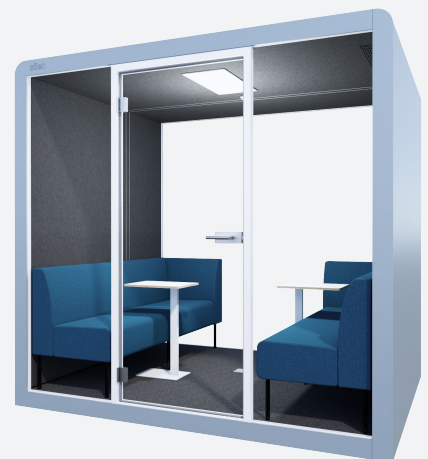

Frozen Blue

Private Lounge

An even more spacious acoustic office pod, perfect for confidential conversations and focused work.

Modular flexibility | **Wheels included** | **Sound insulation** | **LED** | **Acoustic panels** | **Automated air circulation** | **2 x 110V + 2 x USB**

Thoughtfully designed.

Acoustic

Chatbox is designed for focused **work**, creative **meetings**, making **phone calls**, **video chats**, and silence in any space. It ensures all conversations stay private while keeping background noise out.

Durable

Well **thought - out form**, choice of **materials** and booth **construction** allow for extended **durability**. In addition, **easy assembly** and disassembly allow you to take it to your next office space.

Affordable

Utilizing **durable** yet **cost-effective** materials, Chatbox pod is **shipped** through regular mail service **flat packed** directly from our factory to you, making it a convenient and **accessible choice.**

Ventilated

This new **multifunctional** team-mate uses the **same technology** as Silen Space pods that keeps all the Chatbox booths **ventilated**, ensuring **fresh air** throughout your time spent inside.

Quickly assembled

It takes about 60 minutes for **two people to assemble** Single pod - and you only need one tool. It is so **effortless,** easy and your space ends up being more **useful** than any other solution.

Silen inspired

Chatbox is designed, tested, and **produced by** the team behind **Silen Space** modular office pods. Chatbox brings their simplified version with its essential purpose in the **balanced functional form**.

Complex, multifunctional spaces for your productivity.
